

# INSIDE METRO 3: A GLIMPSE

Construction work is progressing fast on the Colaba-Bandra-SEEPZ underground metro line with over 86% of station works completed. The 33.5km project is about 77% ready now. The Mumbai Metro Rail Corporation plans to commission the line between SEEPZ and Bandra Kurla Complex by December 2023. The entire line will be available to commuters in July 2024. *The Free Press Journal* visited the MIDC Metro Station to see the finishing touches.
