

# ANOTHER BREAKTHROUGH FOR METRO-3

- The MMRC, which is executing the fully-underground Metro-3 (Colaba-Bandra-Seepz) corridor, saw its 25th tunnel breakthrough – when a tunnel completes its entire run – in the presence of state minister Aaditya Thackeray at Worli on Wednesday. The project has to complete 32 tunnel breakthroughs. “The Metro-3 corridor is one of the most crucial projects that will solve Mumbai’s commuting woes. We are committed to completing it as per the schedule,” said Thackeray.
