Date: 5-8-15

Firstly, we would like to put on record our appreciation of the joint efforts of RO MIDC and DSLR MMRDA of all concerned in getting the Metro Line 3 into MIDC Marol for the benefit for all.

A broad outline of the project was provided at the earlier meetings held at the RO MIDC Thane Dt. 8.06.2015 as well as at our Association office Dt. 22.06.2015. All Individual issues was discussed at these meetings and we are prepared to take into our stride the hardships that may be caused because of the work of setting up the Metro Rail during the upcoming years.

The major aspect arising out of the meeting and needing appropriate response and redress have been listed here under:

- 1) Excavation beyond 2.5 mtr. into the compound would make it impossible for the Members to operate.
- 2) Any of the building cannot be damaged during the work of this project.
- 3) If boundary wall of any building will be excavated then Plot-holders would like to have the same reconstructed and reinstated upon completion of the project. In the interim. A temporary structure of corrugated sheets to be provided by DSLR MMRDA.
- 4) Plot-holders should get hardship allowance / Compensation and would like to know the basis of compensation.
- 5) Security Problems would have to be addressed.
- 6) All necessary steps to present any damage to glass facade buildings was also sought.
