

MMRC RECEIVES BID RESPONSE

Mumbai: The Mumbai Metro Rail Corporation received a response from renowned companies for traction and power supply works for Colaba-Bandra-SEEPZ Metro-3 corridor. The pre-qualification bid opening was conducted at MMRC's office on June 7. Companies that submitted the bids included L&T, Alstom, Cobra, Tata projects, Isolux, Siemens Chung-Hsim Electric and Machinery. Commenting on the same, managing director, MMRC, Ashwini Bhide said, "Traction and power supply is a very essential part of the project as it will be internally used for various purposes including traction, tunnel ventilation, air conditioning, lifts and escalators as well as for station lighting."
