Ref : Your letter No.T/MMRC/ML3-Civ/PCK-V/Mithi/1294 dated 01/02/2016

Sir,

With reference to your letter cited above, the remarks offered are as below:

- i) The proposed station plot as per your location map is adjacent to Vakola Nalla and this area is covered with thick mangrove forest.
- ii) However, it is requested to keep 10.0 m wide clear vacant land strip from the bank of Vakola Nalla and Mithi River for proposed service road / maintenance road for cleaning / desilting, if any structure of station area is to be constructed above G.L.

Thanking you,

Yours Faithfully,

(M.S. Narkar)
