

Colaba-Bandra-SEEPZ Metro-3 Corridor

MMRC completes 100% excavation work for 13 stations
Excavation for the remaining 13 stations to be completed by May

Mumbai, January 14, 2020 – The Mumbai Metro Rail Corporation (MMRC) has completed 100% excavation work on 13 out of 26 underground stations on the Colaba-Bandra-SEEPZ Metro-3 corridor. The 13 stations are Cuffe Parade, Vidhan Bhavan, Churchgate, Hutatma Chowk, CSMT, Science Museum, Siddhi Vinayak, MIDC, Marol Naka, Sahar Road, CSMIA Domestic, CSMIA International airport and SEEPZ.

"Now further activities like construction of the station boxes, which is already underway, will take shape", said Mr.S.K.Gupta, Project Director, MMRC. "The excavation for the remaining 13 stations - taking place on a war footing - will be completed in the next three to four months. Overall 87% of the excavation has been completed", said Mr.Gupta further.

The details of excavation work on the remaining 13 stations are thus -

- 1) Kalbadevi station - 26%
- 2) Girgaon station - 14%
- 3) Grant Road station - 56%
- 4) Mumbai Central station - 73%
- 5) Mahalaxmi station - 75%
- 6) Acharya Atre Chowk station - 39%
- 7) Worli station - 82%
- 8) Dadar station 88%
- 9) Shitladevi Station - 71%
- 10) Dharavi station - 81%
- 11) BKC station 83%
- 12) Vidyanagari station - 87%
- 13) Santacruz station - 93% (Ends)
