In this public consultation 128 people were present who were affected by this project. The list of the persons present is attached as appendix - 1. The details about point raised by the project affected persons and reply to their queries have been tabulated below:-

In the beginning **Hon. MLA Mr. Alvani** presented his own view. Earlier this SAHAR (Shanti Nagar) residential area was not coming in Sahar station of Metro - 3 project, then how this new location has got included in Sahar station of Metro - 3 project. He stated that, it appears this has been done for facilitating Mumbai International Airport LTD. (MIAL) and sought clarification from MMRC officials, similarly he also emphasizes that all PAP's should be given rooms of area 269 sq. ft. and the same locality where they are staying at present. Earlier MMRDA has resettled the PAP's in the same area in Milan subway project and suggested that similar approach should be adopted for resettlement of PAP's affected due to Sahar metro station.

In addition, points raised by other persons who were present are as follows:-

Sr. No.	The points that were raised by the PAP's.	The information provided by the officers
1	Mr. Almeda. Ex- corporator said - 1. For resettlement, rooms of 225 sq. ft. are not acceptable. As per Daravi Patten rooms of 300 sq. ft. should be given. 2. Rehabilitation of PAP's should be done as per National rehabilitation policy 2007 in this matter orders of high court must be obeyed.	1. As per SRA a rule previously 225 sq. ft. was being given. Later on this rule has been change 269 sq. ft. area for SRA projects. For metro project we are making efforts to give rooms of 269 sq. ft. area at Kurla premier (Kurla-West), Kurla (East) & at Chakala. 2. Central Govt. has adopted rule for land acquisition & rehabilitation rule in 2013, in that rule there's no provision made for rehabilitation of slum owner on the public place. 3. However Government of Maharashtra has given approval for resettlement under MUTP policy and we are doing rehabilitation as per this policy.
2	Mr. N. Sureshan said "we are ready to accept rooms of 269 sq. ft. area only at Marol Andheri (East) as stated by you.	Our answer is same as above only.
3	Mr. Makdul Khan said - Earlier rehabilitation has been done at Marol fire brigade therefore Metro-3 project affected people's rehabilitation must be done there only.	Earlier only at Oshiwara / Wadala the rehabilitation was to take place. But now the rooms will be available for rehabilitation at Kurla premier & Marol Andheri (East) also.
4	Mr. Sachin Konde said - 1. For the joint family rooms of 225 sq. ft. are not sufficient for staying so bigger size rooms may be given. 2. Structures (Room) of 1 st floor may be considered.	1. About area the clarification has been already been given. 2. The survey of first floor structures (rooms) will also be done. Regarding eligibility, benefits etc. a policy decision will be taken.
5	Mr. Shashikant Shirke- the rehabilitation of the local people must be done in SAHAR village only. What is the distance between every station?	We are making a note of your demand. Every station of Metro is approximately at 1 km. distance.

In case of any disagreement with English translation, original Minutes in Marathi will govern.

6	Mr. Almeda: - Till today there aren't basic facilities available at rehabilitation site at Kurla premier division. Even today rehabilitated families are sending their children for schooling at previous/old place only. We want things in writing from you that our rehabilitation would be in the local area only.	Cooperate with us to do survey, by which we would come to know exactly how many homes are getting affected due to this project. On the basis of this information only the rehabilitation plan would be drawn. After the co-op. society's registration by SRA, Bldg's repairing & one time upgradation of basic needs can be undertaken at site.
7	Mr.Makdul Khan:- If any of the N.G.O. interferes here in the work, would the rehabilitation stop? Similarly which rules are applicable for private land?	At present no N.G.O. is participating in rehabilitation work. Pvt. land's affected person's rehabilitation would be done as per land acquisition's rules(s)/with mutual consent.
8	Mr.Almeda:-MMRDA says that the project affected person's rehabilitation would be done in the local area only. Then why in Metro project rehabilitation is shown in other areas?	Earlier for rehabilitation rooms at Oshiwara and Wadala-Bhaktipark area were only available. Now rooms at Kurla-Premier, Kurla (East), Marol Andheri (east) may also become available. All these places are very close & nearby to our local division.
9	Mr.Almeda Airport authority's officers should be called for discussion.	This Metro project-3 is an MMRC's project. Therefore, this project affected peoples rehabilitation responsibility is on MMRC only.
10	We are the people affected on Airport land. So we should get rehabilitation benefit accordingly.	For Metro affected people's rehabilitation is as per MUTP rules. To qualify for airport project, person staying here must be of earlier than 01-01-200. But according to MUTP rules as on the date of BSES survey all the project affected persons found staying there are eligible. Therefore MUTP's rules for rehabilitation are beneficial for project affected people.

The Public Consultation ended with thanks to all the participants with a request seeking co-operation of resident during survey work and in timely implementation of the project.
